

## Become a member of the RHC-Platform

*Let's Shape Europe's Energy Future!*

The European Technology Platform on Renewable Heating & Cooling (RHC-Platform) brings together stakeholders from industry and research sectors, to define a common strategy for increasing the use of renewable energy technologies for heating and cooling. All European experts are welcome to join the RHC-Platform and contribute to the development of renewable energy.

Participation in the RHC-Platform is free of charge and on a voluntary basis. However, by signing the application form, applicants declare their commitment to work towards the achievement of the Platform's objectives.

### Members of the RHC-Platform enjoy the following benefits:

- **Update** – Regular updates on the activities of the RHC-Platform.
- **News** – The official Newsletter of the RHC-Platform, covering the latest policy, business and technology developments from the Platform's Panels.
- **Policy** – The possibility to actively influence the definition of the priority areas for EU policy and research for renewable heating and cooling systems.
- **Participate** – Participation in Focus Groups and Working Groups, and possible election to the Steering Committee of one of the four Technology Panels (Biomass, Geothermal, Solar Thermal and Cross-Cutting).
- **Conference** – An invitation to attend the Annual Conference and other events organised by the RHC-Platform, tackling some of the main topics on R&D work and policy, which bring together industrial and research stakeholders in all renewable energy technologies for heating and cooling.
- **Networking** – Personalised access to the dedicated “Members area” of this website and full contact details of the other members in the “Members Directory”.

Take an active role in shaping Europe's future strategic and research priorities for the renewable heating and cooling sector: **become a Member of the RHC-Platform!** Just go to [www.rhc-platform.org](http://www.rhc-platform.org) or simply fill in the attached form and fax, email or personally hand it to the Secretariat of the RHC-Platform.

Please complete and return this form to the Secretariat of the European Technology Platform on Renewable Heating and Cooling (Fax: +32 2 546 1934, [info@rhc-platform.org](mailto:info@rhc-platform.org))

Registration for RHC-Platform Membership	
<b>Title (Ms. / Mr. / Dr. /... )</b>	
<b>Last Name</b>	
<b>First Name</b>	
<b>Organisation</b>	
<b>Country</b>	
<b>Address</b>	
<b>Website</b>	
<b>E-mail</b>	
<b>Telephone</b>	

**Kind of organisation** (please tick as appropriate):

- a. Industry  SME Yes  No
- b. Research / Academia
- c. Public authority / Government
- d. Non-Governmental Organisation
- e. Other \_\_\_\_\_

**Areas of expertise** (please tick as appropriate, multiple selections allowed):

- Solar Thermal technology
- Biomass technology
- Geothermal technology
- District Heating and Cooling
- Thermal Energy Storage
- Renewable energy hybrid systems and Heat Pumps
- Other (please *specify*) \_\_\_\_\_

Membership of the RHC-Platform is free of charge and on a voluntary basis. More information is available on the official website [www.rhc-platform.org](http://www.rhc-platform.org). By signing this form, the applicant declares to be in agreement with the objective of developing and promoting renewable energy technologies for heating and cooling as a key element towards meeting Europe's energy challenges.
